

Fullmer Construction has completed Westlake Park Place, one of Southern California's premier Class A office campuses. They produced the project on budget and on time with phenomenal quality that has attracted some of the most prestigious corporations in the area. Dole Packaged Foods' headquarters is a build-to-suit that had to be completed in 14 months from the beginning of construction to occupancy. Fullmer achieved this deadline with no problem, as they delivered a fabulous buildout. Fullmer also delivered the corporate headquarters for PennyMac with one of the most high-end finish packages that exists in Southern California. Fullmer makes the impossible *possible* and has been doing this for our company for over 35 years!
